### SES COMMENTS ON CLARIFICATION TO STOCK EXCHANGES

---

The Company on 13<sup>th</sup> March, 2026 issued clarification to stock exchanges w.r.t. it's ongoing Postal Ballot.

In the clarification the Company w.r.t. exercise price has stated the following:

*The exercise price of the ESOPs is generally determined at an average discount of ~ 25% to 30% to the prevailing market price at the time of grant, with the objective of ensuring meaningful incentive value for Employees.*

#### SES Comments:

SES, in its PA Report, has raised a **compliance concern** with respect to the exercise price and the maximum employee benefit, as the Company has not properly disclosed the exercise price and **governance concern** due to excessive economic benefit to a single employee w.r.t. **resolutions #2, #3, #4 & #5**.

But as per the above disclosure made by the Company to stock exchanges, the Company has stated that, *"The exercise price of the ESOPs is generally determined at an average discount of ~ 25% to 30% to the prevailing market price at the time of grant, with the objective of ensuring meaningful incentive value for Employees"*

Further, considering the Company has provided a maximum discount of 25% - 30% as Exercise price, therefore, potential benefit to single employee on account of exercise of options in this case may not be excessive considering the discount is only between 25% - 30% to the prevailing market price.

Hence, considering the following information has been placed in the public domain, SES concern regarding the exercise price and maximum benefit to a single employee stands addressed. Accordingly, SES is modifying its recommendation from '**AGAINST**' to '**FOR**' w.r.t. **resolutions #2, #3, #4 & #5**.
